

Mohamed Khamees Ahmed

Junior Front-End Developer | UI/UX Designer

✉ khameesmohamed942@gmail.com ☎ 01274664643 📍 Beni Suef, Egypt

PROFESSIONAL SUMMARY

Junior Front-End Developer with 1+ year of hands-on experience building responsive, dynamic web applications. Proficient in HTML5, CSS3, JavaScript (ES6+), Bootstrap, and React.js. Experienced in UI/UX design using Figma with a focus on clean code, cross-device performance, and engaging user experiences. Currently pursuing a B.Tech degree while actively contributing to personal and academic projects. Eager to join a forward-thinking team to build impactful digital products.

TECHNICAL SKILLS

Languages & Markup: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React.js, Bootstrap 5

UI/UX & Design: Figma (wireframing, prototyping, design systems)

React Concepts: Components, Hooks, State Management, SPA architecture

CSS Techniques: Flexbox, CSS Grid, Animations, Responsive Design

Version Control: Git, GitHub

Tools & Environment: VS Code, npm

Soft Skills: Problem-solving, Self-learning, Attention to detail

EXPERIENCE

Junior Front-End Developer & UI/UX Designer | Self-Employed / Personal Projects *Jan 2024 – Present*

- Built and deployed multiple responsive web applications using HTML5, CSS3, JavaScript, Bootstrap, and React.js
- Designed modern UI/UX layouts and interactive prototypes using Figma, improving usability and visual consistency
- Developed single-page applications (SPAs) with React.js, leveraging components, hooks, and state management
- Optimized website performance and ensured cross-device compatibility across mobile, tablet, and desktop
- Maintained source code and project versioning using Git and GitHub

INTERNSHIPS

Front-End Developer Intern & UI/UX Designer | Higher Technological Institute (HTI) *Jul 2024 – Aug 2024*

- Built responsive web interfaces using HTML, CSS, and JavaScript during a structured internship program
- Developed multiple projects including a personal portfolio and a movie listing website
- Improved UI/UX quality by applying modern design principles and Figma prototypes
- Implemented dark/light mode toggle feature using JavaScript
- Created reusable interactive components to enhance user interaction

PROJECTS

Hard-Wher Store — E-commerce front-end app with product listings and responsive layout

Cinima — Movie browsing website with dynamic content and modern UI

Sanad — Support-focused web application with clean interface design

Healthy — Health and wellness web platform with responsive design

Sanai3i (Graduation Project) — Service request platform connecting customers with tradespeople (carpenter, plumber, etc.) via an intuitive web interface

Portfolio Website — Personal portfolio showcasing all projects and skills

EDUCATION

Bachelor of Technology (B.Tech) — In Progress | Higher Technological Institute (HTI) *Oct 2022 – Present*

- Relevant coursework: Web Development, UI/UX Design, Software Engineering
- Active participation in practical projects and internship programs

CERTIFICATIONS

Front-End Development Certificate — Higher Technological Institute (HTI)

UI/UX Design Certificate — Higher Technological Institute (HTI)
